GENERAL CONDITIONS UNDER WHICH PERMIT IS GRANTED

1. The Applicant shall provide a non-refundable Permit Fee made payable to the Vermilion Parish Police Jury as follows:

DRILLING OPERATIONS: \$1,000.00

A separate fee for approval of the "Emergency Contingency Plan" shall be made payable to the Vermilion Parish Office of Homeland Security/Emergency Preparedness.

EMERGENCY CONTINGENCY PLAN APPROVAL: \$100.00

(A \$200.00 late fee will be added to the permit fee for applications filed after construction has begun on a project.)

2. That, the Applicant shall show evidence of liability insurance coverage of not less than \$3,000,000 per occurrence with an appropriate "Certificate of Insurance". This insurance form is to accompany the project permit and all data relative to the proposed project for consideration of approval by the Police Jury.
3. That all fixtures and appurtenances thereto, after having been erected, shall at all times be subject to inspection and the right is reserved to require such changes, additions, repairs, relocations and adjustments as may at any time be considered necessary to permit the relocations, reconstruction, widening and maintaining of the roadway, rights-of-way, ditches, canals, bayous, lakes, streams, levees, or other bodies of water, and to provide proper and safe protection to life and property on or adjacent to the roadway, rights-of-way, ditches, canals, bayous, lakes, streams, levees, or other bodies of water, or in the interest of safety to traffic on the roadway, rights-of-way, ditches, canals, bayous, lakes, streams, levees, or other bodies of water, and that the cost of making such changes, additions, repairs and relocations shall be borne by the Applicant, except that Applicant shall not bear such costs where they are attributable to work outside of right-of-ways owned by the Police Jury or other public or government entities.
4. That, the Applicant shall perform any maintenance work which is required any time after installation or when construction is completed and accepted. Such maintenance work shall include proper filling with suitable material of settled trench or earth fill and repairing of damage caused by such settlement to the road surface or other structures. Any damage to hard surface roads must be repaired at the Applicant's expense as per instructions of the parish road superintendent.
5. That, the Applicant upon being so directed by the Grantor or its duly appointed agents, shall remove, rebuild, or make good, at his own expense, any work which may be considered defective. That, in the event Applicant fails to correct any defects after the work is performed, and after 10-days notice by mail is made to Applicant at his last known address, then Grantor shall correct or order corrected any such defect and all work will be billed to the Applicant of the permit.
6. That, upon completion of construction, the Applicant is to remove from the Grantor's property all materials left from the construction, all scaffolding, forms, extra excavation, etc., and is to thoroughly clean and leave the Grantor's property in its original condition.
7. **No later than 30 days after completion, the Applicant shall provide the Parish Engineer as-built drawings and a "Letter of Completion" for the project. The Engineer will make a final inspection of the work and submit a written report to the Grantor. If the report states that the work was satisfactorily completed, final "Acceptance" of the project will then be issued by the Vermilion Parish Police Jury.**
8. That, types of construction and other specifications shall be in accordance with accepted standard practice. Suitable barricades, danger signs, and lights shall be erected when necessary.
9. That, the Applicant agrees to hold harmless the Grantor and its duly appointed agents and employees against any action for personal injury or property damage sustained by reason of the exercise of this permit.
10. When and so long as the facilities involved in this permit are used in interstate commerce, this permit is conditioned on there being in force a certificate of convenience and necessity issued by the Federal Power Commission, or such other Federal Agency as may be so authorized by Congress to the Applicant and upon the Applicant's compliance with all the terms of such certificate and the orders issued in connection therewith.
11. That, the Applicant is required to be familiar with Federal, State, and Local Laws and is required to secure all necessary licenses, etc., and shall carry out his work in accordance with all such laws and regulations.
12. That, the Applicant involved in onshore or offshore drilling for the exploration of oil, gas, or other minerals, within the boundaries of the Parish of Vermilion, shall provide an "Emergency Contingency Plan" for the site, which such plan shall be approved by the Vermilion Parish – Office of Homeland Security / Emergency Preparedness Director/LEPC Chairperson, and shall include resources and procedures in place for the response and prevention of releases of oil or hazardous waste constituents to the air, soil, and surface or ground water as required by Federal and State Government procedures. In addition, in the event of an emergency situation that requires the evacuation of an area around the site, the permit holder shall be required to hold a "Status Conference" every 48-hours with the evacuees and emergency response personnel.
13. That, any repairs, relocations, or enlargements of the permitted facilities shall require a separate and new permit application and will be subject to the Vermilion Parish Police Jury's current project permit requirements in force at that time.
14. Once the well ceases to operate: Within one hundred twenty (120) days the well shall be plugged in accordance with Department of Natural Resources requirements and the entire drilling site, including board roads, tank batteries and other equipment including fencing, shall be removed and the site returned to as near pre-project condition as practical.
