RE: Vermilion Parish Police Jury
Hazard Mitigation Assistance Program for
Repetitive Loss Structures (RL)
AVAILABLE FUNDING OPPORTUNITY

Your property at the address shown above is on the National Flood Insurance Program's (NFIP) Repetitive Loss (RL) list. Properties are assigned to this list by the Federal Emergency Management Agency (FEMA) after two (2) flood claim payments within a 10-yr. period have been assessed.

The Vermilion Parish Police Jury (VPPJ) recently received notice of available funding assistance through FEMA for the mitigation of properties exposed to a high risk of flooding. Accordingly, your residence may be eligible for funding under this program to help prevent future flooding damages. The two (2) mitigation alternatives available under this program, as well as some general details regarding these alternatives, are as follows:

1. **Elevation:** This mitigation alternative physically elevates a residence to the minimum height of the local base flood elevation. There are several programmatic requirements to consider when selecting this mitigation alternative, but two (2) of the most commonly misunderstood specifications are: (1) this grant program does not pay for upgrading specific features or appurtenances at a residence (e.g. replacing wood laminate flooring with natural wood, or replacing tile countertops with granite), and (2) a residence is required to maintain flood insurance coverage no less than the mitigation project's total cost for perpetuity.

2. **Acquisition:** This mitigation alternative begins with the purchase of a residence and its property by the Parish. Sale values are based upon a property's appraised value and are considered to be fair market prices. After the transfer of ownership, a contractor is procured to fully demolish the residence and convert the property to green open space. The Parish owns and maintains this property for perpetuity and is required to conserve its purpose.

Please note that this grant program incorporates a local cost share for RL properties that is the responsibility of the homeowner. This grant provides funding for 90% of all eligible project costs, while the homeowner is responsible for the remaining 10% of all eligible project cost. All project costs determined to be non-eligible will be the financial responsibility of the homeowner.

Our consultant, Sellers & Associates, Inc., will be working with the Parish to prepare and submit the funding application for this grant program. If you are interested in participating in this grant program, please notify either Ms. Cherie LeCompte or Ms. Andie Czajkowski with Sellers & Associates, at (337) 232-0777, on or before **October 16, 2020**. These consultants will be able to assist you with any questions you may have regarding this grant program.

If you wish to be included in the Parish's funding application for this grant program, please select which mitigation type you wish to participate in and complete the appropriate forms within this packet to the best of your ability. If you need additional copies of the forms, the RL application package containing all required forms is available for download on the VPPJ website (www.vppj.org). Alternatively, you may pick-up printed copies of this package in the Parish's Office of Emergency Preparedness, which is located at 100 North State Street in Abbeville.

In order to participate in the Parish's funding application, you are required to submit all application forms to Sellers & Associates on or before **November 5, 2020**. All submitted information will be carefully reviewed to ensure that your home meets the requirements of this grant program and is eligible for funding. Incomplete forms, or any other missing information which has been requested, may prevent your home from being considered.

An overview of the application forms you will be required to complete are as follows:

- *Property Owner Questionnaire*
- *Statement of Voluntary Participation Form*
- *FEMA Form #1 – For Mitigation of Property in a Special Flood Hazard Area with FEMA Grant Funds (to be notarized)*
- *FEMA Form #2 – Hazard Mitigation Grant Program Project Information*
- *HMA Commitment Letter*
- *Duplication of Benefits (DOB) Affidavit (to be notarized)*

Other items that will be required during the application process are as follows:

- Pictures encompassing the exterior of your residence (all sides)
- Current flood insurance policy declaration page

Additionally, if you choose to elevate your home, you will be required to provide one (1) elevation quotation from a contractor approved to perform this type of work within the Parish. Also, if available, please provide a copy of your elevation certification. If you choose the acquisition project type, you will be required to provide an appraisal which reflects the current value of your home, or a report from a licensed real estate agency referencing no less than three (3) comparables.

The following information is offered to help you better understand the requirements of this grant program, and to assist you in determining whether or not it is in your best interest to participate in the Parish's application for funding:

- Primary residences will be prioritized over non-primary residences (e.g. rental properties or camps)
- The Parish's funding application must prove to be cost-effective. This simply means that the cost of the entire project must be less than the benefits associated with the entire project. FEMA will perform a benefit-cost analysis based on data submitted in the application and records of documented losses.

- The Parish will not require property acquisition or elevation of a residence under this grant program. This is a voluntary grant program.
- This program is only available to properties carrying flood insurance coverage before the application period opened (September 30, 2020). After the elevation project is completed, a residence is required to maintain flood insurance for perpetuity with coverage no less than the total cost of the mitigation project. Notification of this federal requirement will be recorded as a deed restriction.
- If your property is in a **V** Flood Zone but your insurance rating is “**Grandfathered**” or “**Pre-FIRM Subsidized**”, your insurance rating may change to V Zone and show an increase in the premium due to Substantial Improvement with an elevation project. Check with your agent for quotes if this applies to you.
- Only FEMA approved eligible construction activities will be reimbursed under this grant program. Non-eligible activities will be the financial responsibility of the homeowner. If a property owner chooses the elevation mitigation alternative, a list of general eligible and non-eligible activities will be provided. Please note this list is not fully comprehensive. While several specific items are outlined on this list, the intent of this list is to establish a cost eligibility basis for this grant program.
- If the application is approved and the federal grant is awarded, you will be required to provide your 10% cost share of the estimated total project cost included in the funding application to the VPPJ. This money will be placed into a grant account which will be utilized by the Parish to make payments throughout the duration of the mitigation project at your residence. Once the mitigation project is completed, adjustments will be made to ensure that programmatic cost shares are reconciled. This adjustment will be based upon the mitigation project’s actual final cost.

If you choose to participate in this grant program and wish to be included in the Parish’s application for funding, please provide your application package and all requested information to the aforementioned consultants at the following address by **November 5, 2020**:

FMA Project Team
Sellers & Associates, Inc.
148B Easy Street, Lafayette, LA 70506

As an alternative, you may also email the package to clecompte@sellersandassociates.com and andreac@sellersandassociates.com.

If you do not wish to participate in this program, we kindly ask that you notify these same consultants at your earliest convenience.

We look forward to hearing back from you regarding this funding opportunity. If you have any questions, please contact our consultant, at (337) 232-0777, at your convenience.

Sincerely,

VERMILION PARISH POLICE JURY

Keith Roy, Parish Administrator

Hazard Mitigation Funds Commitment Letter - RL

This Funds Commitment Letter (“Agreement”) is voluntarily made and entered into this ____ day of _____, 2020 by _____ and _____ (“Property Owner(s)”) regarding the property located at the following address (the “Property”): _____.

Property Owner has applied to Vermilion Parish, State of Louisiana (the “Parish”) and/or the Louisiana Governor’s Office of Homeland Security and Emergency Preparedness (“GOSHEP”); and/or the Federal Emergency Management Agency (“FEMA”) for the following hazard mitigation activity for the Property (Elevation/Acquisition):_____. Owner(s) hereby agrees and acknowledges that if Property Owner’s application for hazard mitigation is accepted, the amount of Federal aid that will be provided to cover the expenses will not exceed 90% of all HMA-eligible costs involved in the hazard mitigation activity (the “Federal Match”). That Property Owner(s) will be responsible for all costs not covered by the Federal Match, and that the costs not covered by the Federal Match will be at least 10% of all HMA-eligible costs involved in the hazard mitigation activity. These costs include planning, project management, permitting, contract recordation fees, relocation costs (if any), eligible storage costs (if any), elevation certificates, engineering design, and elevation/acquisition of the residence. The Property Owner understands that if the application is awarded and they do not wish to further participate, they will be invoiced for the 10% cost share of all costs incurred related to their property.

This agreement does not replace, supersede or add to any other funding responsibilities imposed by Federal, State or local laws or regulations in force on the date of project award.

As a recipient of Federally-funded hazard mitigation assistance under the Hazard Mitigation Grant Program, as authorized by 42 U.S.C. §5170c / Pre-Disaster Mitigation Program, as authorized by 42 U.S.C. §5133 / Flood Mitigation Assistance Program, as authorized by 42 U.S.C. §4104c / Severe Repetitive Loss, as authorized by 42 U.S.C. §4102a, the Property Owner accepts the following conditions:

1. That the Property Owner has insured all structures that will **not** be demolished or relocated out of the SFHA for the above-mentioned property to an amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less, through the National Flood Insurance Program (NFIP), as authorized by 42 U.S.C. §4001 *et seq.*, as long as the Property Owner holds title to the property as required by 42 U.S.C. §4012a.
2. That the Property Owner will maintain all structures on the above-mentioned property in accordance with the flood plain management criteria set forth in Title 44 of the Code of Federal Regulations (CFR) Part 60.3 and Vermilion Parish Ordinance as long as the Property Owner holds title to the property. These criteria include, but are not limited to, the following measures:
 - i. Enclosed areas below the Base Flood Elevation will only be used for parking of vehicles, limited storage, or access to the building;
 - ii. All interior walls and floors below the Base Flood Elevation will be unfinished or constructed of flood resistant materials;
 - iii. No mechanical, electrical, or plumbing devices will be installed below the Base Flood Elevation; and
 - iv. All enclosed areas below Base Flood Elevation must be equipped with vents permitting the automatic entry and exit of flood water.

For a complete, detailed list of these criteria, see Vermilion Parish Ordinance attached to this document.

3. The above conditions are binding for the life of the property. To provide notice to subsequent purchasers of these conditions, the Property Owner agrees that the Vermilion Parish will legally record with the county or appropriate jurisdiction's land

records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

“This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property. Pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The Property Owner is also required to maintain this property in accordance with the flood plain management criteria of Title 44 of the Code of Federal Regulations Part 60.3 and Vermilion Parish Ordinance.”

4. Failure to abide by the above conditions may prohibit the Property Owner and/or any subsequent purchasers from receiving Federal disaster assistance with respect to this property in the event of any future flood disasters. If the above conditions are not met, FEMA may recoup the amount of the grant award with respect to the subject property, and the Property Owner may be liable to repay such amounts.

This Agreement shall be binding upon the respective parties’ heirs, successors, personal representatives, and assignees.

Duplication of Benefits (DOB) Fact Sheet

What is "duplication of benefits"?

Various forms of assistance and programs (e.g., flood insurance, disaster repair grants, loans, etc.) help people whose properties have been damaged by natural disasters to rebuild and relocate. If your community is offering to purchase your home for its pre-disaster value with Federal grant funds, it must check for duplication of benefits. The total assistance you receive from all programs and insurance combined cannot exceed the fair market value (FMV) of your property before the disaster occurred. By law, Federal assistance cannot duplicate the benefits provided by other sources. That would be considered a duplication of benefits, or DOB. Consequently, if property owners have already received assistance to repair their properties from one program, the other program (including the property acquisition program) must ensure they don't provide assistance to cover the same loss.

Who determines DOB?

The State and community will ensure that the buyout offer doesn't duplicate previous assistance. The community provides the State with a list of property owners who agree to voluntarily sell their properties to the community. The State then forwards the list to FEMA and requests information about grants and insurance paid to the owners. The community and property owners cannot close on the property until the DOB determination is made.

How will FEMA know if I have received other benefits?

Your community will ask you to provide a list of benefits you have received. FEMA will double-check the information you provided with its own records. When you applied for assistance, you were asked to sign a Privacy Act disclosure form. By signing that form, you have given FEMA permission to research and identify sources and amounts of federal assistance provided to you.

I want to sell my property, but I have received other benefits.

How does DOB affect me?

First, you and the community will agree on a fair and reasonable price for your property. If it is determined that you have received disaster assistance that is DOB, the community will then subtract the total amount of DOB from that price. The community will pay you the difference. For example, if you and the community agree that \$80,000 is a fair and reasonable price for your home and the community determines that you have received \$5,000 that qualifies as DOB, the community will deduct that amount from the \$80,000 and pay you \$75,000. Please note that only disaster assistance used for home (housing or real property) repairs and/or rent for alternative accommodations **that you cannot document with receipts** will be subtracted from the sale price of your home.

Duplication of Benefits (DOB) Fact Sheet (Continued)

Why subtract that \$5,000?

To comply with federal law, FEMA considers assistance identified as **DOB** as funds already contributed by the federal government towards the pre-disaster fair market value (FMV) of your property. FEMA requires the community to subtract funds **that cannot be documented with receipts**, from the final price paid to you at closing.

Please note, if you used the disaster assistance provided to you for home (housing or real property) repairs and/or rent for alternative accommodations **and you have the receipts to document the use of the funds for those purposes**, FEMA **will not** consider the assistance DOB, and **will not** require the community to subtract that amount from the price of your property. Therefore, **please keep all receipts from purchases and services that were paid for with disaster assistance grant funds.**

What programs might duplicate HMGP benefits?

Assistance under the following programs might be considered DOB:

FEMA Disaster Housing Program

Disaster Housing (DH) Program home repair grants are awarded to property owners to repair the home to a habitable condition. DH rental assistance grants are awarded to property owners to rent accommodations in which the pre-disaster household can live. Both types of these grants are deducted from the purchase price **only if you cannot provide receipts that document the costs for the repairs to your home and/or rent for alternative accommodations.**

State Individual and Family Grant (IFG) Program

Grants for housing (or real property) repairs may be awarded by the State-administered IFG Program. IFG grant funds designated for **housing repairs only** are deducted from the purchase price **if you cannot provide receipts** that document the costs for the repairs. IFG grant funds used for any other eligible purpose **are not considered DOB and are not deducted** from the purchase price.

Duplication of Benefits (DOB) Fact Sheet (Continued)

Hazard Minimization Funds	Disaster Housing and IFG-eligible property owners may receive a grant to implement measures that help prevent repeated damage. Hazard Minimization funds will be deducted from the purchase price only if you cannot provide receipts that document the costs for the measures.
Small Business Administration (SBA) loans	SBA loans must be either repaid or rolled over to the new property.
National Flood Insurance Program (NFIP)	NFIP Settlements for real property will be deducted. NFIP settlements for personal property will not be deducted. (Real property is immovable property such as land for a building. All other property is considered personal property.)
Private Insurance	Private insurance claim payments for real property will be deducted. Personal property claim payments will not.

Duplication of Benefits (DOB) Fact Sheet

Possible Scenarios

Mr. and Mrs. Mostovich own a single family home in the floodplain that was substantially damaged during a flood. They have decided to participate in their community's property acquisition project and sell their home to the community. The pre-flood fair market value (FMV) of their home is estimated to be \$50,000, which Mr. and Mrs. Mostovich agree is fair and reasonable. Since the disaster, they have received an NFIP real property settlement for \$15,000, a Disaster Housing Program grant for \$10,000, and an IFG Program grant of \$5,000 designated for housing repairs (real property) only.

Scenario 1

Mr. and Mrs. Mostovich decide to make no repairs to their home and save the \$30,000 they have received in assistance to put toward a new home. Consequently, FEMA considers the \$30,000 as a down payment on their damaged home. The community can offer them no more than an additional \$20,000 ($\$50,000 \text{ FMV} \text{ minus } \$30,000 \text{ DOB} = \$20,000$) for their home.

Scenario 2

Mr. and Mrs. Mostovich decide to make enough repairs to their home to enable them to live in it until the community buys it. Of the \$30,000, they spent \$10,000 to clean and disinfect the house, remove debris from the house and yard, and make minimum repairs to the foundation. They save all the receipts for the work and, therefore, can prove they used the assistance for its intended purpose. Consequently, the community can offer them an additional \$30,000 ($\$50,000 \text{ FMV} \text{ minus } \$30,000 = \$20,000 \text{ plus } \$10,000 \text{ worth of repairs for which they have receipts} = \$30,000$).

Scenario 3

The National Guard evacuated Mr. and Mrs. Mostovich and their neighbors from their neighborhood. Their car, which was left in their garage, was damaged beyond repair by the floodwaters. They decide to use \$7,000 of the \$30,000 to pay cash for another car. They make no repairs to their home. Since the flood damaged their car, they assume that buying a replacement car is an appropriate expense for which to use their assistance. They saved the bill of sale and expect the community to offer them \$27,000 ($\$50,000 \text{ FMV} \text{ minus } \$30,000 \text{ DOB} \text{ plus } \$7,000 = \$27,000$). A car is not real property and should be covered by an automobile policy. Despite having a bill of sale, replacing a car is not an appropriate real property assistance expense. The community can offer them no more than an additional \$20,000 ($\$50,000 \text{ FMV} \text{ minus } \$30,000 \text{ DOB} = \$20,000$).

ACQUISITION FORMS

Statement of Voluntary Participation (Acquisitions)

THIS AGREEMENT is made and entered into this _____ day of _____, 2020, by and between the Vermilion Parish Police Jury, hereinafter referred to as "Sub-grantee," by its authorized agent, Parish Administrator and _____, hereinafter referred to as "Seller(s)." The parties agree as follows:

Seller(s) affirms that he/she (they) is (are) the owner(s) of property located at _____, _____, Louisiana, hereinafter referred to as "property."

Sub-grantee has notified Seller(s) that the Sub-grantee may wish to purchase property, and, if Seller(s) agrees (agree) to sell, Seller(s) must permanently relocate from property.

Sub-grantee has notified Seller(s) that the current fair market value (FMV) of property will be determined by approved and appropriate valuation procedures and used to establish the selling price of the property.

Sub-grantee has notified Seller(s) that Seller(s) is (are) not required to sell property and Sub-grantee will not use its power of eminent domain for the purpose of this acquisition project to acquire property if Seller(s) chooses (chose) not to sell it.

Sub-grantee has notified Seller(s) that if Seller(s) agrees (agree) to sell property to Sub-grantee, such a transaction is voluntary. Consequently, Seller(s) is (are) not entitled to relocation benefits provided by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, which are available to property owners who must sell their properties involuntarily.

Sub-grantee affirms that it has provided the notifications and explained the information described in the preceding paragraphs, and property identified above is not a part of an intended, planned, or designated project area where all or substantially all of the property within the area is to be acquired within specific time limits.

This Agreement shall expire on December 31, 2021, unless Seller(s) has (have) voluntarily sold property to Sub-grantee by that date.

Do you have a Flood Elevation Certificate (FEC) of your property? Yes _____ No _____
If yes, please provide a copy with your Questionnaire.

If you do not have a FEC, please answer the following 3 questions, if available:

1. Do you know the flood zone designation for your property? If yes, please provide _____

2. Do you know the Base Flood Elevation for your property? If yes, please provide _____

3. Do you know the Finished Floor Elevation of your residence? If yes, please provide _____

If a secondary property, do you have tenants living in this residence? Yes _____ No _____ If yes,
please list their name(s) and phone number here: _____

Do you understand that this is a voluntary program and no one can force you to sell your property?
Yes _____ No _____

Do you understand that the post-storm (Gustav/Ike/August 2016 Flooding Event) Fair Market Value will be
used to determine the selling price of your property? Yes _____ No _____

Do you understand that you are responsible for 10% of the total project cost including planning, project
management, legal fees, appraisal costs, title insurance, demolition and the Fair Market Value of your
property and that this amount will be deducted from the established Selling Price of your property?
Yes _____ No _____

Once the Vermilion Parish Police Jury evaluates the interest of the citizens in the parish and their
available funding under the HMA program, they will determine if it is in the parish's best interest to
participate in the acquisition of your property through the HMA Grant Program.

Please understand that this application process of property acquisition is a multi-step process and can
take about a year before receiving approval or denial from FEMA. It includes the application process,
conducting appraisals, waiting for the review and funding approval by FEMA and the State (GOHSEP). If
the application is approved, the closing process can take another six (6) months to a year from the official
kick-off meeting.

If you are interested in being included in the Parish's HMA application for property acquisitions, please
complete the information entirely or to the best of your ability and return with your application packet to
Sellers & Associates, attention *FMA Project Team*, at 148B Easy Street, Lafayette, La. 70506 or by e-
mail, clecompte@sellersandassociates.com and andreac@sellersandassociates.com, by the deadline. If
the application is awarded and you withdraw prior to the property acquisition closing, you will be
responsible for 10% of any cost incurred to date for the application and associated project management
costs. However, you will have the opportunity to withdraw before the application is actually submitted.

ELEVATION FORMS

Statement of Voluntary Participation (Elevations)

THIS AGREEMENT is made and entered into this ____ day of _____, 2020, by and between VERMILION PARISH POLICE JURY, herein referred to as “Sub-grantee”, by its authorized agent, Parish Administrator, and _____, herein after referred to as “Property Owner(s)”. The parties agree as follows:

1. Property Owner affirms that he/she/they is/are the owner/owners of property located at _____, herein referred to as “property”.
2. Sub-grantee has notified Property Owner that Property Owner is not required to elevate property and Sub-grantee will not require the Property Owner to elevate the property for the purpose of this elevation project if Property Owner chooses not to elevate.
3. Sub-grantee has notified Property Owner that if Property Owner agrees to elevate property, such action is voluntary.
4. Sub-grantee affirms that it has provided the notifications and explained the information described in the preceding paragraphs, and property identified above is not a part of an intended, planned, or designated project area where all or substantially all of the property within the area is to be elevated within specific time limits.
5. This Agreement shall expire on December 31, 2020, unless agreed to be extended by both parties.

Are you currently participating in another grant mitigation program for the elevation of your home? If so, what is the name of the program? _____

To the best of your knowledge, what is the initial construction year of the residence? _____

Building/Construction Type: Wood _____ Brick _____ Manufactured Home _____
Foundation: Slab _____ Piling _____ Pier and Beam _____ Combination _____

If you have a concrete slab foundation home and you choose to elevate, what is your preferred elevation-type? Full Slab Lift _____ Or Slab Separation Lift _____ **At least one (1) quote from a contractor will be required.**

What is the under-roof square footage of your residence? _____ How many stories? _____

Are there any outbuildings? Yes _____ No _____ If so, # Detached _____ Or # Attached _____
Sq. Ft. Of Outbuilding(s) _____ Location (relative to house) _____ Use _____

Does any occupant of the home have a permanent disability in which they will need assistance of a handicap ramp or elevator? Yes _____ No _____

How high was the flood water from the finished floor in your home for the most recent flooding event? _____ How long was the water in the structure? _____

Do you have a Flood Elevation Certificate (FEC) of your property? Yes _____ No _____
If yes, please provide a copy with your Questionnaire. If you do not currently have a Flood Elevation Certificate, one will be required for the application. The cost for a FEC is reimbursable under the program at 90% (federal share), if the project is funded.

If you do not have a FEC, please answer the following 3 questions, if available:

1. Do you know the flood zone designation for your property? If yes, please provide _____
2. Do you know the Base Flood Elevation for your property? If yes, please provide _____
3. Do you know the Finished Floor Elevation of your residence? If yes, please provide _____

Do you understand that this is a voluntary program and no one can force you to elevate your structure?
Yes _____ No _____

Do you understand that you are responsible for 10% of the total project cost including planning, project management, permitting, contract recordation fees, relocation costs (if any), eligible storage costs (if any), elevation certificates, and engineering design and elevation of the residence? Yes _____
No _____

Once the Vermilion Parish Police Jury evaluates the interest of the citizens in the parish and their available funding under the HMA program, they will determine if it is in the parish's best interest to participate in the elevation of your property through the Hazard Mitigation Assistance Program.

Please understand that this application process of property mitigation (elevation) is a multi-step process and can take about a year before receiving approval or denial from FEMA. It includes the application process, obtaining elevation quotes, waiting for the review and funding approval by FEMA and the State (GOHSEP). If the application is approved, the process of obtaining contractor bids and design and the construction can take another six (6) months to a year from the official kick-off meeting.

If you are interested in being included in the Parish's HMA application for property acquisitions, please complete the information entirely or to the best of your ability and return with your application packet to Sellers & Associates, attention *FMA Project Team*, at 148B Easy Street, Lafayette, La. 70506 or by e-mail, clecompte@sellersandassociates.com and andreac@sellersandassociates.com, by the deadline. If the application is awarded and you withdraw at anytime prior to construction, you will be responsible for 10% of any cost incurred to date for the application and associated project management costs. However, you will have the opportunity to withdraw before the application is actually submitted.
